Still routing like it's the 90's

Giulio Berra (ProcioNet APS)

HotFRC - IETF 124 Montreal

An ISP is required by law to (in Italy)

1. **Log** all connections and IP address assignments
2. **Intercept** traffic upon lawful request
3. Enforce DNS-based **blocking**
4. Enforce IP-based **blocking**
5. *Piracy Shield*: mandatory IP blocking **within 30 minutes** of notification
