IETF Note Well

By participating in the IETF you agree to follow IETF processes and policies. This Note Well is a reminder of some of those policies. For a linked version of this text, please visit www.ietf.org/note-well or use the QR code below.

IETF participants are expected to behave in a professional manner and extend respect and courtesy to their colleagues at all times (see **RFC 7154: IETF Guidelines for Conduct and IETF Anti-Harassment Policy**). If you have any concerns about behavior, please contact the *Ombudsteam* who have a duty of confidentiality and extensive powers to act, as set out in **RFC 7776: IETF Anti-Harassment Procedures**.

If you are aware that any IETF contribution (as defined in **RFC 5378: Rights Contributors Provide to the IETF Trust**) is covered by patents or patent applications that are owned or controlled by you, your employer or your sponsor, you must disclose that fact, or not participate in the discussion (see **RFC 8179: Intellectual Property Rights in IETF Technology**).

For detailed process information consult **RFC 2026: Internet Standards Process** and **RFC 2418: IETF Working Group Guidelines and Procedures** and updates to those.

The IETF routinely makes public written, audio, video, and photographic records of IETF activities, including your personal information as set out in the **IETF Privacy Statement**.

For advice, please talk to Working Group chairs or Area Directors.

IETF 124 Meeting Tips

- In-person participants
 - Make sure to sign into the session via Datatracker or the QR Code in this session.
 - Use Meetecho (usually the “Meetecho lite”) client to join the queue, show hands
 - Keep audio and video off if not using the onsite version.
- Remote participants
 - Make sure your audio and video are off unless you are chairing or presenting during a session.
 - Use of a headset is strongly recommended.
- All participants
 - State your name each time you begin speaking in the queue

Meeting Administrivia

- Meetecho:
 - Using meetecho queue control
 - Chat available for use
 - Blue sheets
- Note taking:
 - <https://notes.ietf.org/notes-ietf-124-teas>
 - Please help with minute taking
(only discussion needs to be captured)
- Session Materials:

Reminder: IPR Disclosure Process

- We follow process put in place in other groups as a result of very late IPR disclosures
 - This is not a required IETF process
 - Includes polling of draft authors & contributors:
 1. Prior to moving to next step in WG process
 - a. Before an individual draft becomes a WG document and
 - b. Before a WG document goes to last call
 2. Requires IPR compliance statement from all listed in draft
- Request that an IPR statement be sent to the list by any new author or contributor when added to a WG document

Reminder: Working Group Github

- Please be aware that the TEAS WG Github is available for all WG documents
 - <https://github.com/ietf-teas-wg>
- Please contact teas-chairs if you would like to move your document repository
 - Please also provide a list of Github User-IDs for access
 - Generally, there would be a repository per document
- Please note that WG consensus continues to be determined on the mailing list
 - WG process is not changed by using Github

Reminder: WG Document Status Updates

- Authors of WG documents are required to provide a status update to the WG at *every* IETF meeting
 - Status includes, at a minimum, recent changes, open issues, and plan to complete document
- Updates can be shared via:
 - (a) A report during the IETF session
 - (b) An e-mail to WG list, sent no later than the Internet-Draft submission cut-off
- A quick snapshot of current WG Document Status is available at <https://wiki.ietf.org/group/teas>
