

jscalendar & jscontact

IETF 125, calext

Robert Stepanek. March 17, 2026.

Progress since IETF 124

- **jscalendarbis**: Aligned with JSContact definitions (versioning, validation, PatchObject semantics).
- **jscalendar-icalendar**: Added IANA section, minor tweaks in examples.
- **jscontact-profiles**: Updated with IETF Last Call review feedback, waiting for secdir Last Call feedback.
- **jscontact-uid**: Updated with IETF Last Call review feedback.
- **rfc9555bis**: Published first draft, waiting for WG adoption.

Next Steps

- **jscalendarbis**: Submit to IESG before IETF 126.
- **jscalendar-icalendar**: Submit to IESG before IETF 126.
- **jscontact-profiles**: Get secdir Last Call feedback and finish IETF Last Call.
- **jscontact-uid**: Start AUTH48, then publish.
- **rfc9555bis**: Start WG Last Call before IETF 126.
