# Organization Updates

3

Ultra HD Form (UHD-F) joined the SVTA in January 2026

Follows previous SVTA mergers

DASH-IF in 2024

OATC in 2023

# 2026 SVTA Topics with IETF Connections

4

## Edge

- Hosting of Live-Low Latency Caches at the Edge
- Possible hackathon topic at IETF126 or IETF127

## Low-Latency Streaming

- Latency Measurement – from IP Packets up to Video Playback (plus other Application flows)
- L4S & Streaming

## MOQ

- ongoing engagement between SVTA and IETF MOQ communities

## SVTA OpenCaching

- ongoing IETF CDNI collaboration

## Key Rotation

- approaches to reduce impact of frequent key changes

## AI in Drafting Technical Specifications

- First round document drafting
- Assist Accuracy & Consistency Reviews
- Speedy Education Material Creation
