IETF Process and Operations Documentss

Harald Alvestrand

Small Idea

- Draft-alvestrand-ipod-00
- Spin-off from an idea by John Klensin
- NOT RFCs
- NOT limited to IESG approval process
- Dated
- Versioned
- Explicit approval

What to do next?

- Pick a name that Brian (& legal counsel) are OK with
- Update the draft and format as an IPOD
  - Alternate: publish as experiment RFC
- Fill in some corners (as IPODs)
- Just Do It
