# Using IPsec to Secure IPv6-in-IPv4 Tunnels

draft-ietf-v6ops-ipsec-tunnels-02.txt

Richard Graveman, Mohan Parthasarathy,  
Pekka Savola (editing), Hannes Tschofenig

# Status

---

- Past WGLC in August 2005
- Some discussion at IETF64, mainly about AH
  - But considered "done"
- Since then one maintenance update
  - Added brief discussion how the doc also applies to AH
  - Based on new review, fix BYPASS rule
  - Some minor editorial fixes
- Is this ready to publish?
