

RTP / RTCP XR MIBs

Draft-ietf-avt-rtcp-xr-mib-05.txt

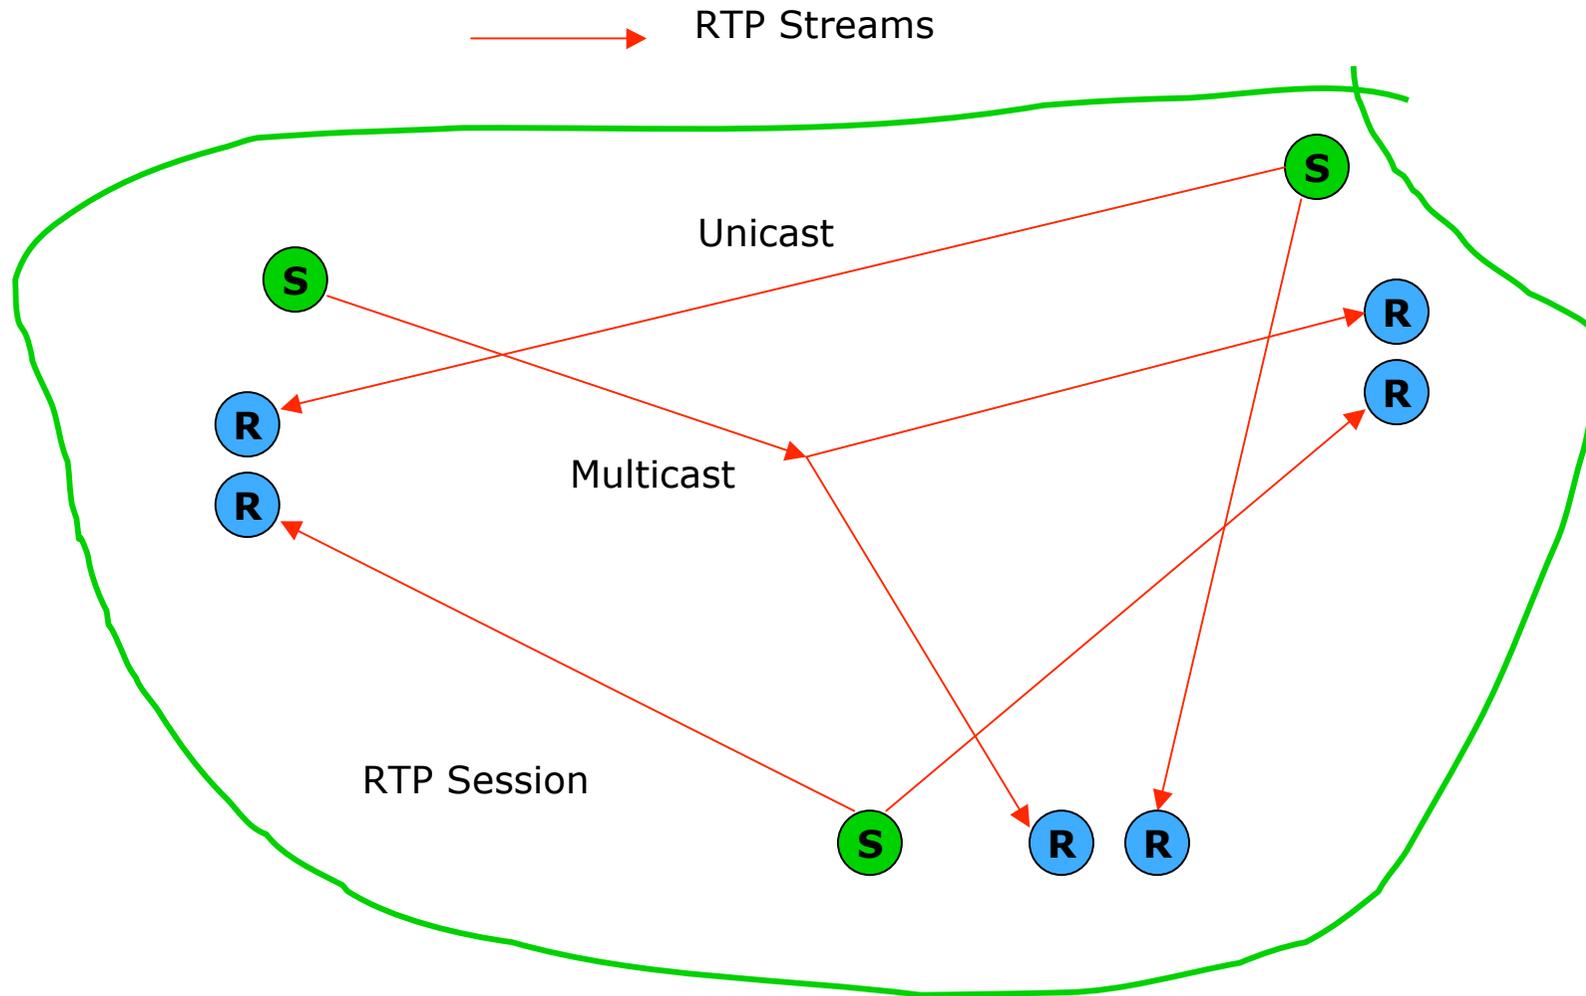

Draft-ietf-avt-mib-rtp-bis-01.txt

Alan Clark, Amy Pendleton

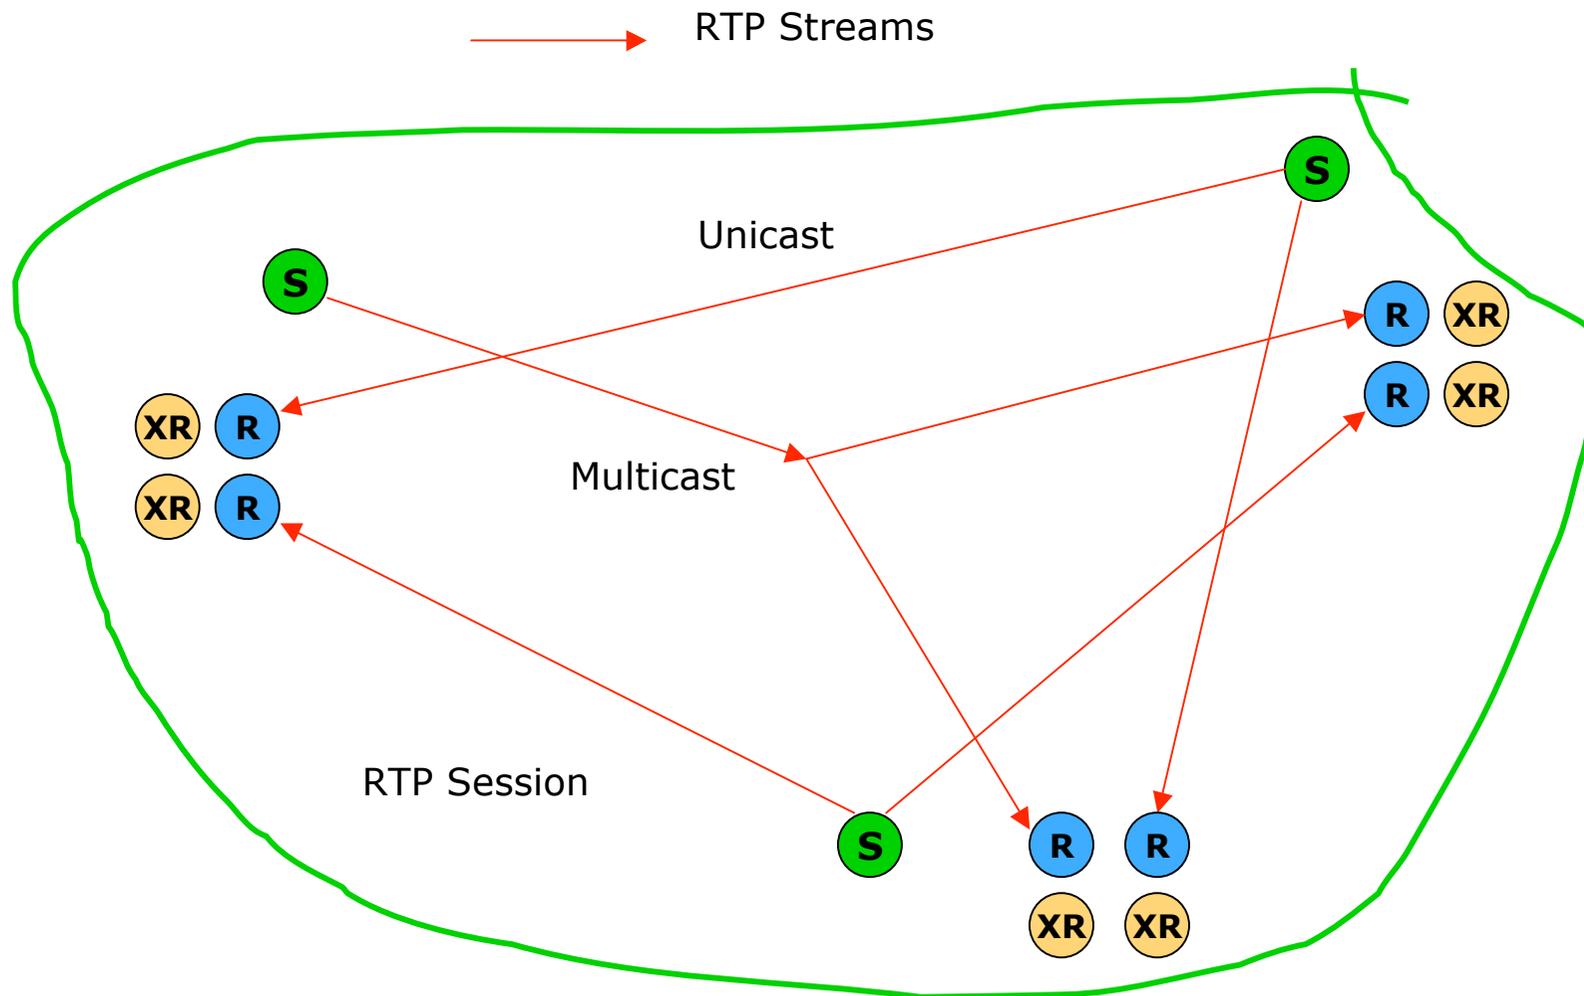

Comments received

- Few minor comments/ questions received since last IETF - nothing substantive
- Major current issue - potential restructuring of the MIB to accommodate application to any RTP scenario (e.g. multicast)

Simple model - enough?

Simple model - enough?

Logically - Augments Receiver table as opposed to Session table
