

Review of RFC 2131

Barr Hibbs

(presented by Ralph Droms)

RFC 2131 Implementation Issues

- draft-ietf-dhc-implementation originally chartered to:
 - capture BCP for DHCP implementors
 - provide basis for moving DHCP to Internet Standard
- First published February, 2003; -02 revision published June, 2006
- Next steps (mailing list discussion):
 - Review for purpose/scope, content
 - Initiate Internet Standard review
