SDO Outreach

- 3GPP
  - Joint SA1/SA2 meeting held 6/36 in Lisbon, Portugal
  - Preliminary tutorial meeting on NETLMM held Monday
  - Kent Leung and Phil Roberts presented on NETLMM
  - Goal was to familiarize SA1/SA2 members with NETLMM and update them on WG's current status
  - Slides available at: http://www.geocities.com/kempf42/WGStatusJune26v5.pdf
  - Any questions? Talk to Kent and Phil after the meeting.
- Wimax Forum
  - Meeting with Network WG and Service Provider WG will be held this week in San Diego
  - James Kempf will attend
  - Goal is same as for 3GPP
  - Any questions? talk to James after the meeting.

Continued DT Work and Interim Meeting

- DT feels it needs another couple months to clean up the protocol design document
- Plan
  - DT issues a stable draft of DT document week of Sept. 18
  - Interim meeting in Chicago week of Sept. 25
    - 2 days
    - WG discussion of protocol design
  - WG last call and solicited reviews starting Oct. 2
- Assumes WG approves DT draft as WG document
- How many people can come to an interim meeting at that time?

Presentation and Discussion on draft-giaretta
