# Working Group Status

---

- Milestones (before IETF 69):
  - Re-auth problem statement -00 (Done)
  - EMSK Keying Hierarchy -00 (Done)
  - Re-auth Keying Hierarchy -00 (**Feb 07**)
  - Re-auth Protocol -00 (**Mar 07**)
  - Re-auth in visited domains -00 (**Mar 07**)
  - EMSK Hierarchy to IESG (**Apr 07**)
  - Handover Key Distribution -00 (**Jun 07**)
  - Re-auth problem statement to IESG (**Jul 07**)

# What we need to accomplish

---

- Need WG consensus on EMSK document, another revision, and to issue a WGLC
- Need a re-auth protocol -00 document
  - Mailing-list consensus call on adopting EAP-ER was inconclusive
- Resolve question the channel bindings vs 3-party key agreement protocol discussion

# Problem Statement Update

---

- draft-ietf-hokey-reauth-ps-01
- Published problem statement update after interim meeting
  - Minor changes to terminology, figures
- May need revision after keying discussions today
- Encourage WG review
- Need WGLC to be complete before IETF 69
