

# Registration of Enumservices for experimental, private or trial use

*draft-hoeneisen-enum-x-service-regs-01*

Bernie Hoeneisen

IETF-69, Chicago, IL, USA

# Changes since -00

- Added dash issue
  - RFC3761 does not allow dashes in Type
- Introduced abbreviation “X-Enumservice” and used it throughout the document
  - > experimental, private or trial Enumservice
- Clarified section URI Schemes
- Expert Review for X-Enumservices

# Open Issues

- Sync with RFC3761bis
  - Intended Usage:  
"EXPERIMENTAL", "PRIVATE", and "TRIAL"
    - Alternative: just re-use "LIMITED USE"
  - dash in 'X-' to allowed chars
- Need for "duration of Registration?"
- Define process for Expert Review
- Additional (IANA) Registry or just use the same IANA Registry as for ordinary Enumservice registrations?
- Require a first Security analysis for trial registrations?

# Step forward

- Apply as WG item?
