

draft-dolly-mediactrl- requirements-00.txt

Martin Dolly - AT&T Labs
Roni Even - Polycom

Media Server Control protocol requirements

- The document merges two requirements documents
 - draft-dolly-xcon-mediactrlframe-03.txt
 - draft-even-media-server-req-02.txt
- The requirements from both documents were presented in Prague. The document includes the feedback from the meeting.

MSC requirements

- The requirements are grouped using the following groups.
 - Media Control Requirements
 - Media mixing Requirements
 - IVR Requirements
 - Operational Requirements

MSC requirements – open issues

- From the mailing list
 - Are these requirements applicable to AS or only to MRB
 - REQ-MCP-31 - The MS control protocol must allow the AS to audit the MS state, during an active session.
 - REQ-MCP-32 - The MS shall be able to inform the AS about its status during an active session.
 - Is general recording in scope

MSC requirements – going forward

- Update the document based on comments on the list
- Working group item
