

*DKIM Development,
Deployment and Operations*

Tony Hansen
Dave Crocker
Phillip Hallam-Baker

12/4/2007

What does it cover?

- Development, Deployment, On-going Operations
- ... and Example Uses

Provides Guidance

- Practices section based on experiences seen with domain keys, dkim-allman deployments, experience with DNS, etc.
- BCP-like

-00 published 11/11

- Exactly 1 comment, and then only in passing within a message on another topic

What to do?

- Know that it is light in some areas
- POLL: who in the room has been involved in developing DKIM and/or DomainKeys?
- POLL: who in the room has been involved in deploying DKIM and/or DomainKeys?
- POLL: who in the room has been involved in operating DKIM and/or DomainKeys?

What to do?

- If you have participated in deploying DKIM, in any facet
 - Please check the document discussion covering those activities
 - And suggest improvements to the text
- Experience deploying DomainKeys is useful as well
