Proxy Mobile IPv4

draft-leung-mip4-proxy-mode-04.txt

Kent Leung, Gopal Dommety, Parviz Yegani, Kuntal Chowdhury
**70th IETF**
Vancouver, Canada
Dec 6, 2007

Status

- WiMAX expert reviews
  - Shahab Sayeedi (Motorola)
  - Alper Yegin (Samsung)
  - Yingzhe Wu (ZTE)
  - Domagoj Premec (Siemens)
  - Jayshree Bharatia (Nortel)
- 3GPP2 expert reviews
  - Jun Wang (Qualcomm)
  - Parviz Yegani (Cisco)
- IETF MIP4 WG comments
  - Alice Qinxia (Huawei)
  - Howie Koh (Greenpacket)
  - Paula Tjandra (Motorola)
  - John Zhao (Huawei)

Version 4 Highlighted Issues

- More split PMA details in WiMAX section

- Clarify issues that pertain to integrated PMA only (sequencing, per-node security)

- Align with WiMAX DHCP Relay mode

- Clarify use of new extensions and identify which is or isn't needed for WiMAX

Resolution to WiMAX issues will be published in NWG ML next week

Next Step

- Address issues from expert reviews and publish version -05 by next week
- Seek resolution comments from WiMAX and 3GPP2
- Ready for AD/RFC Editor after agreement from WiMAX and 3GPP2 members
