

Advertisement: KMART Roadmap

- Document

<http://tools.ietf.org/html/draft-lebovitz-kmart-roadmap-01>

- Goal: Improve security of routing protocol transports by beefing up authentication/integrity
- How:
 - Step 1 - Improve existing manual key mechanisms for “modern” practice
 - Step 2 – Add automatic key management protocol to make operations easier
- Where: `kmart@ietf.org`
