

draft-ietf-mediactrl-call-flows-01

Alessandro Amirante

Tobia Castaldi

Lorenzo Miniero

Simon Pietro Romano

(University of Napoli Federico II/Meetecho)

Changes

- Flows updated according to latest drafts
- Enriched CFW establishment
 - K-ALIVE and common mistakes
- New scenarios
 - Sidebars (media only)
 - Floor Control (FCS co-located with AS)
- Security Considerations
 - Sample flows (2 AS, 1 MS)

Recording scenarios

- Session recording hot topic in DISPATCH
 - MEDIACTRL definitely fits in
- Already some scenarios in call flows
 - Echo test based on recording
 - Phone Call recording (two approaches)
 - Conference recording
- Do we need more on this?
 - e.g. scenario with recording-only business logic
