

# SCTP TML update

Forwarding and Control Element Separation WG

Kentaro Ogawa <ogawa.kentaro@lab.ntt.co.jp>

Jamal Hadi Salim <hadi@mojatatu.com>

# General status

- Version 6 of draft released September 2009
  - Process progress
  - Document updates

# Update since Version 4

- Fixed IPR statement
- Added use of SCTP PPID per channel
- Based on feedback from Interop
  - Changed some language from recommendation to MUST
    - Example PL priorities
- Added Chuan Hung Li to Acknowledgement
- We have updated with IANA provided numbers for port and PPID

# Document Publication Update

- Went through WG and IETF wide LC
- Genart review
  - Avshalom Hourli <AVSHALOM@il.ibm.com>
- Initiated publication request with Jamal as shepherd
  - Joel is new shepherd
- We already received one DISCUSS from Lars Eggert
  - Thanks to excellent work from Joel in resolving
- Operations directorate review
  - Juergen Quittek <Quittek@nw.neclab.eu>
