

ForCES WG Status

Forwarding and Control Element Separation

Jamal Hadi Salim <hadi@mojatatu.com>

Documents Published

- Model document (Proposed Standard)
 - RFC 5812
- Protocol document (Proposed Standard)
 - RFC 5810
- MIB document (Proposed Standard)
 - RFC 5813
- SCTP document (Proposed Standard)
 - RFC 5811

Documents Almost completed

- Applicability statement (Informational)
 - Version 8 released Feb 2010
 - Re-did WG last call because we changed small text to not preclude CECE
 - Completed WG LC
 - Publication initiation after Anaheim
- Implementation report
 - WG LC completed on March 22
 - Publication initiation after Anaheim

Documents Need to be completed

- Formal definition of controlled objects (Informational)
 - Version 01 released Mar 2010

Whither ForCES?

- LFBLib (Informational)
 - Weiming to present
- There is some strong sentiment that CECE effort is needed to “complete” ForCES
 - Ken to present a strawman
 - We do not need a re-charter for this work
