

# Simplified Multicast Forwarding (SMF) Status

Joe Macker  
IETF 79  
Nov 2010

# *SMF ID Status*

- version 10 still latest
- initial WGLC completed prior to IETF 78
- Ian completed chair writeup and requested EXP pub consideration during Maastricht timeframe

# *SMF ID Status*

- More significant comments post Maastricht
- Reasonable change requests: readability, terminology, and consistency
- Present status: revision required
- Most comments addressed, thanks Ulrich, -11 draft almost complete should be published shortly
