NETCONF System Notifications

draft-ietf-netconf-system-notifications-01
IETF 79, November 2010

Andy Bierman
andy.bierman@brocade.com

Agenda

- Changes to System Notifications draft
- Open Issues

Changes in draft -01

- <sys-startup> notification removed

- Make changed-by into a grouping, and added usage to sys-config-change notification.

- Added target-database leaf to sys-config-change to distinguish between running and startup changes.

- Removed 'bad-start' from termination-reason leaf in sys-session-end notification.

System Notifications

- <sys-config-change>

    - <running> or <startup> database has changed

- <sys-capability-change>

    - <capability> list has changed

- <sys-session-start>

    - NETCONF session has started

- <sys-session-end>

    - NETCONF session has ended

- <sys-confirmed-commit>

    - Confirmed commit event occurred

Open Issues

- Consensus of specific system events
- Consensus on the contents of each system specific event
- if (consensus) {
      ready_for_wglc = true;
  }
