Issues solved during WGLC

* Addressed all comments from last meeting(before WGLC)

* Changed intended status from "Standards track" to "Informational"

* Add missing references

* Correct all the grammar nits raised by reviewers

* Add explanation to the scenario section, in order to avoid mis-understanding of the purpose

* Clarified the technical comments in the mailing list

* Special thanks to the reviewers
    * Lars Eggert, Akbar Rahman, David Bryan, Tao Ma, Richard Woundy, Borje Ohlman, etc.

Next Step

* Any further comments before submitting to IESG review?

Thanks!
