

NHDP

- AUTH48
 - Been Crossing the i's and dotting the t's
 - New version of XML produced, final review
 - Off to RFC Editor for publication as RFC6130

OLSRv2

- Backburner, pending NHDP, but...
 - Editorial clean-up (done)
 - Metrics-motivational text (done)
 - Metrics in algorithms (in progress)
- Getting it right, not getting it rushed

Other Stuff?

- With NHDP “done”, time for SMF
(reviewed -11, editorial left, support WGLC)
- Would request WGLC for packetbb-sec?
- Would also request WGLC for:
report-mib, NHDP-mib?
- Ramp up also NHDP-sec - WG document?
