

# draft-ietf-sipcore-location-conveyance at IETF80

30 Mar 11

James Polk (the big guy)  
Brian Rosen (the grey guy)  
Jon Peterson (the lanky guy)

# What will Change from -06 to -07

- **Address the existing idnits**
- **Incorporate all of Robert's text suggestions and comments**
  - Regarding clarifications and tightening text
- **Incorporate each of John Elwell's comments**
  - Regarding text tightening
- **Apply corrections from Thomas Stach**
  - Regarding ABNF and example consistency
- **...and be done with this thing**

# Known Open Issues

Other than what I just listed ...

**NONE**

**(you're NOT allow to speak now, you've had your chance and you blew it)**

# What' s next?

...the IESG...

(that' s when the fun really begins...!!)
