

draft-herberg-lin-loadng-mib-00

Ulrich Herberg  
Robert Cole  
Thomas Clausen

# Contents of the Document

- Configuration of parameters of LOADng
- Monitoring of the state of LOADng (all Information Bases)
- Currently, no notifications
- Compliant with draft-clausen-IIn-loadng-05

## Next Steps

- Make compliant with loadng-06 (some updates of the Information Bases, some router parameters are now interface parameters)
- Fix some nits that the authors have learned from specifying NHDP-MIB
