

2nd RELOAD Interoperability Testing Event

- July 27 & 28 in Berlin, Germany - just before IETF 87th.

9 months from now, so still time to start working on implementation.

Registration details will be announced after IETF 86.

- RELOAD implementers mailing-list:
<http://implementers.org/mailman/listinfo/reload>
- Configuration & Enrollment service available for free for RELOAD implementers.
