

Mapping of Address and Port with Encapsulation (MAP)

draft-ietf-softwire-map-08

Progress

- WGLC on 26 Mar 2013 for -05 version
 - Received many comments and feedbacks -> Thanks!
- -06 (10 May)
 - Done to reflect all comments
 - Default route for CE
 - Spoofing
 - Subnet-ID
 - Fix typos, etc.,
- -07 (29 May)
 - Made clear lifetime of derived IPv4 parameters
- -08 (12 Aug) <- イマココ
 - Very stable version
 - Some issues on the tracker -> negligible to moving forward

Next steps

- Send the draft to IESG
