## draft-ietf-abfab-usability-uiconsiderations

Rhys Smith IETF 89, London

## **Status**

- Now wg doc -00
- Various updates since my -04

- What's left to do:
  - Error section
  - Deal with recently received comments (some small, some larger) - will deal with on list.

## Big(ger) questions/comments

Scott – Broaden applicability beyond ABFAB?
