

XMPP E2E

Matt Miller

IETF89 - London

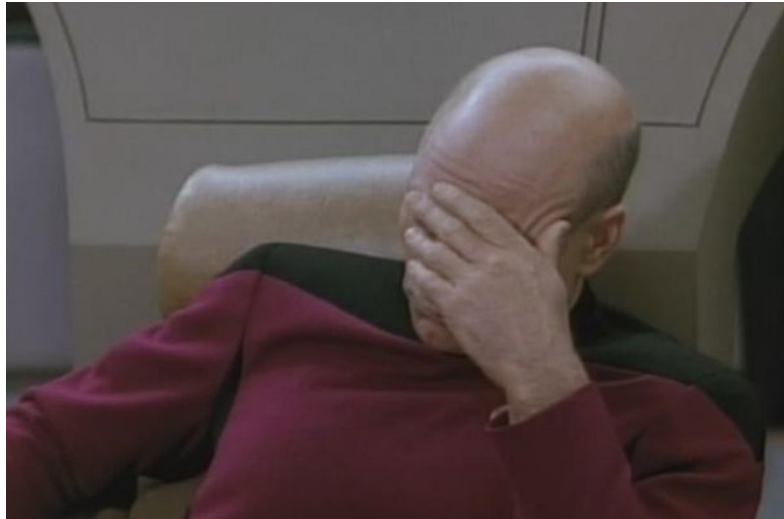

Where We've Been

- XEP-0027 (call to “Obsolete”)
- XEP-0116 (“Deferred”)
- RFC 3923 (not used)
- draft-meyer-xmpp-e2e-encryption (expired)
- draft-miller-xmpp-e2e (expired)
- OTR (not formalized)

Why So Many?

- Different Problems
- Different Assumptions
- Energy Cycles

Where do We Go?

- Informational Draft on OTR?
- Continue on draft-miller-xmpp-e2e?
- Something Else?
