

# Operational Security Considerations for IPv6 Networks

K. Chittimaneni, M. Kaeo, E. Vyncke

IETF 92, March 2015  
Dallas, Texas

- Refreshed the references
- Refreshed the references
- Fixed some typos
-

# ToDo

- Document started in early 2012...
- Security is a moving target
- Authors feel that it is complete at 99%
  - Document started in early 2012 (mainly clarity)
  - Security is a moving target is quite useful
- Rather than delay it for “cosmetic” reasons => time for WG last call

Q&A

THANK YOU!
