

# Gap Analysis for IPv4 Sunset

draft-ietf-sunset4-gapanalysis-07

Fan, Peng

IETF93

# Updates in -07 version

- Issue of legacy IPv4-only APIs incorporated
- Editorial change and reference update
- DHCP4o6 (RFC7341) not incorporated yet
  - Designed for special nodes (which need DHCPv4 conf in IPv6 network), ordinary nodes not suggested
  - Requires host to implement DHCP4o6 client

# Next steps

- Reviews from IPv6 experts are welcome
- Ready for WGLC
