

draft-gould-epp-rdap-status-mapping: Description

- Created to:
 - Define a standard mapping of EPP statuses to RDAP statuses
 - Register 16 missing statuses in RDAP JSON Values Registry
- Questions?
 - Should the draft be taken up by the WG?
 - Should the draft be standards track or informational track?
 - Are there any mappings missing from the draft?
- Recommendation
 - Include draft in re-chartered WG as a standards track draft
