

OAuth 2.0 Token Exchange: An STS for the REST of Us

draft-ietf-oauth-token-exchange

Mike Jones

IETF 94, Yokohama

November 2015

Lots of Progress

- Editors have produced consensus draft including resolutions agreed to at IETF 93
 - See <https://github.com/oauth-token-exchange/spec>
- Still a few features for which we need to add concrete syntax in the specification
 - Approaches already circulated among the editors
- -03 will be published this month
