

SACM Terminology

Report/Updates

Henk Birkholz

Spoiler

- Added Terms
- Updated Terms (excluding minor updates)
- Next Steps

Added Terms

- SACM Domain
- Assertion, Collection Result, Collector, Internal Collector
- Statement, Target Endpoint Identifier, Target Endpoint Label, Timestamp
- Excluded Endpoint
- Network Address, Network Interface

Updated Terms

- Attributes, Endpoint Attributes
- Broker, Proxy, Repository
- Controller, Consumer, Provider
- SACM Role, Expected Endpoint State
- Collection Task, SACM Function
- Control Plane

Next Steps

- Bi-directional work required
 - Editors must ensure consistent use of terms corresponding to current definition
 - Or bash the Terminology and raise issues with current definition
- Additions/changes to the IM and upcoming DMs will be included in the terminology draft
- Are there wishes/comments?
