TURN Server Auto Discovery

draft-ietf-tram-turn-server-discovery-05

Nov 2015

IETF 94

Authors: T. Reddy, D. Wing and P. Patil

Presenter : Prashanth Patil

Recap:
Proposed Discovery Mechanisms

- **Local Configuration**
- **Service Resolution**
- **DNS SD**
- **Anycast**

Changes from 04-05

- The draft does not prescribe a strict order. Perform all in parallel or in any desired order.

- Updated Security Considerations : mostly around server validation.
