Question

- How should Circuit Breaker (CB) draft relate to Tunnel Congestion Feedback (TCF) draft?

Question and Answer (from list)

- How should Circuit Breaker (CB) draft relate to Tunnel Congestion Feedback (TCF) draft?
 - a) TCF = Measurement mechanism
 - Measurements usable for multiple purposes
 - b) One possible use: Feed a circuit breaker
 - There are other possible uses.
 - c) CB = Use of measurements
 - Measurements may or may not be from TCF.

Upshot: Ok for CB draft to discuss necessary & desired measurement characteristics
