

CAPPORT, IETF 95

CAPTIVE PORTAL INTERACTION

NOTE WELL

DISCLOSE THY IPR

Any submission to the IETF intended by the Contributor for publication as all or part of an IETF Internet-Draft or RFC and any statement made within the context of an IETF activity is considered an "IETF Contribution". Such statements include oral statements in IETF sessions, as well as written and electronic communications made at any time or place, which are addressed to:

- The IETF plenary session

- The IESG, or any member thereof on behalf of the IESG

- Any IETF mailing list, including the IETF list itself, any working group or design team list, or any other list functioning under IETF auspices

- Any IETF working group or portion thereof

- Any Birds of a Feather (BOF) session

- The IAB or any member thereof on behalf of the IAB

- The RFC Editor or the Internet-Drafts function

All IETF Contributions are subject to the rules of RFC 5378 and RFC 3979 (updated by RFC 4879).

Statements made outside of an IETF session, mailing list or other function, that are clearly not intended to be input to an IETF activity, group or function, are not IETF Contributions in the context of this notice. Please consult RFC 5378 and RFC 3979 for details.

A participant in any IETF activity is deemed to accept all IETF rules of process, as documented in Best Current Practices RFCs and IESG Statements.

A participant in any IETF activity acknowledges that written, audio and video records of meetings may be made and may be available to the public.

AGENDA

TUESDAY 17:40-19:10 - ATLANTICO C

Administrivia	Martin / Warren	5
Charter and Goals Recap	Martin / Warren	10
draft-nottingham-capport-problem	Mark Nottingham	30

Before You Log In, Here's A Brief Message From Our Sponsors!

Captive Portals at Comcast	Jason Livingood	10

WHY?

EYEBALLS

?

HOW?

PROTOCOL GOALS

FROM THE CHARTER

Allow endpoints to discover that they are in this sort of limited environment

Provide a URL to interact with the Captive Portal

Allow endpoints to learn about the parameters of their confinement

Interact with the Captive Portal to obtain information such as status and remaining access time

(Optional) Advertise a service whereby devices can enable or disable access to the Internet without human interaction

THE PLAN

IN THE SPIRIT OF EISENHOWER

Answer some questions

What is a captive portal?

TODAY

Why do reasonable people deploy captive portals?

Design some new protocol widgets and publish some RFCs

???

Profit
