DNS over DTLS

draft-ietf-dprive-dnsodtls-06

April 2016

IETF 95, Buenos Aires

Authors: Tiru Reddy, **Dan Wing**, and Prashanth Patil

dprive-dnsodtls-06 status

- Incorporated WG feedback into -05

- -06 published this week

- -06 incorporates Stephane's comments:
  - All ICMP errors are soft ICMP errors
  - Match on Message ID, and if contains question section also on QNAME, QCLASS, and QTYPE. (text identical to DNS-over-TLS and RFC7766)

- Authors ready for WGLC of -06
