

BGP Flow Specification – Call for Input

draft-hares-flowspec-combo-01.txt

Susan Hares

BGP Flow Specification Policy (RFC5575)

Need Input from nfvrg

- **IDR has 2 options 2 revise BGP Flow specification (BGP-FS)**
 - Option 1 – Use case DDoS in networks
 - Option 2 – Use Case SDN/NFV in networks
- Option 2 – allows use to indicate order of flow rules (e.g. MPLS, then IP)
- Need input those thinking of using BGP-FS in networks
