

IAB Stack Evolution Program

for intarea – IETF 96 Berlin

- It's hard to evolve the stack. The stack evolves anyway.
- How can the IAB help? Are there gaps in IETF work?
- Since '14: 7754, SEMI (RFC 7663), MaRNEW, (IoT SI), SPUD, ACCORD, PLUS, a BarBoF ⇨ MAPRG proposal.
- How to participate: <stackevo-discuss@iab.org>
Show up at the BoFs, watch for workshop announcements and send position papers.
