Kick Start Ideas
Capability Control Plane Datastore

NETCONF:
- **New operations:** read-data, write-data (write collision)
- **Modified:** kill-session, close-session
- **Capabilities:** rollback, secondary id, Ephemeral
- TBD edit-write collision

RESTCONF (RFC8040+):
- Support revised-datastores
  `{{+restconf}}/datastore/<datastore-name>/data/`
- Map I2RS client/priority to Edit-collision Prevention E-tag
- Support Ephemeral

I2RS Mandatory to implement protocol

Optional protocol
