QUIC-RECOVERY

● ● ●

20170330 - QUIC WG @ IETF 98

Editors: Jana Iyengar
Ian Swett

Editors' GH Copy: draft-ietf-quic-recovery-latest
WG's version: draft-ietf-quic-tls-02

The TODOs are gone and it's self contained!

Added time-based loss detection and fixes early retransmit

Clarified loss recovery for handshake packets

Fixed references and made TCP references informative

Defines RTT calculations

Editor's Copy

RTO and F-RTO are now complete

NewReno congestion control described

Next: Review and give feedback, suggestions, and PRs
