rtcweb-sdp examples
About ..

- JSEP based Offer/Answer SDP for common WebRTC Use-cases.
- Up-to-date “Informational Reference” for spec writers and implementers.
- Examples - Basic, Multi-stream (Simulcast, SVC, FEC, RTX), Interoperability.
Close open issues from ietf-96.

Legacy interop example updated to reflect jsep-19.

Added a=dtls-id, a=identity to examples.

Appendix: SDP Attributes Checklist added

* Checklist derived from JSEP section 5
* Goal: Align examples to JSEP via checklist.
