Some history ...

- In 2005 started to work in a pair of documents:
 1. draft-palet-ietf-meeting-venue-selection-criteria
 2. draft-palet-ietf-meeting-network-requirements
- The idea is that they will “work together” for the venue selection
- 1 already being worked out by this WG
- 2 updated (terminology, actual needs, ...)

ToC

1. Facility General Technical Requirements
2. Internet Upstream
3. Wired Network
4. Wireless Network
5. Network Services
6. Terminal Room
7. NOC and Network Monitoring
8. Other Technical Criteria
9. Multi-property/building meetings
10. Technical Risks and Contingencies
11. Timing and Planning
12. Venue Acceptance/Rejection Report
