

ICNRG Interim Meeting

Macau

Information-Centric Networking Research Group
Friday, October 27th, 2019

Chairs' Slides

Dirk Kutscher
Börje Ohlman

IRTF IPR Policy

The IRTF follows the IETF Intellectual Property Rights (IPR) disclosure rules. This is a summary of these rules as they relate to IRTF research group discussions, mailing lists and Internet Drafts:

- If you include your own or your employer's IPR in a contribution to an IRTF research group, then you must file an IPR disclosure with the IETF.
- If you recognize your own or your employer's IPR in someone else's contribution and you are participating in the discussions in the research group relating to that contribution, then you must file an IPR disclosure with the IETF. Even if you are not participating in the discussion, the IRTF still requests that you file an IPR disclosure with the IETF.
- Finally, the IRTF requests that you file an IPR disclosure with the IETF if you recognize IPR owned by others in any IRTF contribution.

The IRTF expects that you file IPR disclosures in a timely manner, i.e., in a period measured in days or weeks, not months. The IRTF prefers that the most liberal licensing terms possible are available for IRTF Stream documents, see RFC 5743. You may file an IPR disclosure here: <http://www.ietf.org/ipr/file-disclosure>

See RFC 3979 (BCP 79) for definitions of “IPR” and “contribution” and for the detailed rules (substituting “IRTF” for “IETF”).

ICNRG Administrativia

- IRTF RG on Information-Centric Networking
- Mailing list: icnrg@irtf.org
- Web: <http://irtf.org/icnrg>
- Wiki: <http://trac.tools.ietf.org/group/irtf/trac/wiki/icnrg>
- Github: <https://github.com/icnrg>
- Chairs
 - Dirk Kutscher (University of Emden)
 - Börje Ohlman (Ericsson Research)
 - Dave Oran (Network Systems Research Design)
- This meeting
 - **Note taker: ???**
 - Etherpad: <https://etherpad.ietf.org/p/ICNRG-Interim-03-Friday>
 - Meeting Materials: <https://datatracker.ietf.org/meeting/interim-2019-icnrg-04/session/icnrg>

ICNRG Macau Interim Agenda

- TouchNDN Workshop Debrief - Jeff Burke
- ICNLoWPAN - Cenk Gündoğan
- QoS for IoT - Cenk Gündoğan
- ICN over LoRa - Dirk Kutscher
 - a. Introduction: Opportunities for ICN/LoRa -- Dirk Kutscher
 - b. NDN for a Smart Water Meter Collecting IoT System -- Xiaoyu Zhao
 - c. LoRa support in RIOT -- Peter Kietzmann
- Push it - update 2: a P2P protocol for Append-only Push - Christian Tschudin
- Follow-up discussions from the conference
- Hackathon in Singapore?
