

CALEXT

Virtual Interim Meeting, 15 Oct 2020
As part of CalConnect Virtual Conference

How to Participate

- Video chat: <https://zoom.us/j/4574164360>
 - call in numbers: <https://zoom.us/zoomconference>
- Side channel text chat: calext@jabber.ietf.org
- Notes: <https://codimd.ietf.org/notes-ietf-interim-2020-calext-03-calext>
- Email: calsify@ietf.org

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (<https://www.ietf.org/contact/ombudsteam/>) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Working Group processes)
- BCP 25 (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)
- <https://www.ietf.org/privacy-policy/> (Privacy Policy)

Agenda

- Welcome and Note Well: 5min (Bron)
 - Agenda Bash
 - Minutes of last meeting: <https://datatracker.ietf.org/doc/minutes-108-calext/>
- Drafts with IESG: 10 min
 - Eventpub <https://datatracker.ietf.org/doc/draft-ietf-calext-eventpub-extensions/>
 - JSCalendar <https://datatracker.ietf.org/doc/draft-ietf-calext-jscalendar/>
- Drafts in WGLC: 10 min
 - Relations <https://datatracker.ietf.org/doc/draft-ietf-calext-ical-relations/>
 - VAlarm Extensions <https://datatracker.ietf.org/doc/draft-ietf-calext-valarm-extensions/>
- Drafts in progress: 20 min
 - Series <https://datatracker.ietf.org/doc/draft-ietf-calext-icalendar-series/>
 - Subscription Upgrade <https://datatracker.ietf.org/doc/draft-ietf-calext-subscription-upgrade/>
 - Vpoll <https://datatracker.ietf.org/doc/draft-ietf-calext-vpoll/>
 - Server-side subscriptions: <https://tools.ietf.org/html/draft-douglass-serverside-subscriptions-00>
- Any other business: 15 min
 - Milestone review

eventpub

- **STATE:** IESG Evaluation::AD Followup
 - Awaiting action by Barry

jscalendar

- **STATE:** IESG Evaluation::AD Followup
 - Revision -32 just done
- Hopefully remaining issues can be dealt with in mapping document.

relations

- **STATE:** Working Group Last Call
- No feedback – should we just submit it?

valarm extensions

- **STATE:** Working Group Last Call
- Believe we're done and it should be submitted.

Icalendar series

- **STATE:** WG Document (accepted Nov 2019)
- Still lacking implementations

subscription upgrade

- **STATE:** WG Document
- Is there anything to do before publishing?
- Implementation experience?

vpoll

- **STATE:** WG Document
- Mike and Ken to continue iterating and discuss on list – no action yet

Server-side subscriptions

- **STATE:** Draft exists, not yet adopted
- Not discussed at least meeting
- Review existing implementations “in the wild”

iSchedule Upgrade

- Bron's notes from last CalConnect:
 - Bron and Neil to write up.
 - proof of concept for “change that doesn't justify an email” inside Cyrus.
 - will start from ischedule.
- General concept is “Initial scheduling happens via email, the rest via a per-event, per-attendee URI”.
 - Invitation has a URI that attendee can use for direct updates
 - Attendee adds a URI in their reply which allows the server to push further updates.
 - No “per person” or “per calendar” relationship formed, just a key to this one event.

Milestone Review

- Jun 2020 Submit calendar series document to IESG for publication
- Apr 2020 Submit vpoll document to IESG for publication
- Apr 2020 Update charter/milestones to reflect current and planned work
- Feb 2020 Submit scheduling controls document to IESG for publication
- Dec 2019 Submit valarm document to IESG for publication
- Dec 2019 Send JSCalendar draft to IESG

Other business

- Milestone review
- From last time:
 - JSCalendar Extensions
 - Ischedule upgrade
