Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

By participating in the IETF, you agree to follow IETF processes and policies. If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion. As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public. Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement. As a participant or attendee, you agree to work respectfully with other participants; please contact the <u>ombudsteam</u> if you have questions or concerns about this. Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- <u>BCP 25</u> (Working Group processes)
- <u>BCP 25</u> (Anti-Harassment Procedures)
- BCP 54 (Code of Conduct)
- BCP 78 (Copyright)
- BCP 79 (Patents, Participation)
- Privacy Policy

BlueSheets

Attendees are asked to visit and enter your Name+Affiliation in the Blue-Sheet section of the DNSOP Etherpad.

Mic Line Queue

The Mic Line will use the WebEx chat channel. To get in the queue type q+ to leave type q-. Please don't type questions or other things into the WebEx chat channel as that will make managing the queue very hard for the chairs. Please use the Jabber channel for side conversations.

When you connect into WebEx you should start off as auto-muted so you'll need to unmute yourself to speak when called.

Helpful Info & Prep

The IETF has prepared a couple of documents to help get everyone ready.
