nfsv4wg Milestone Review

Includes Achieved Milestones without RFCs and Future (expected) Milestones

David Noveck

April 22, 2020

Post-IETF107 Virtual WG Meeting

Recent Milestones
Milestones done; Docs approved; Need to get RFCs out

Item	Type	Goal	Owner	Target	Status
NFSv4.1 Trunking Discovery	Std.	Final Doc.	D. Noveck	3/2019	• DONE 11/2019 • In RFC editing (for 51 days ☹)
NFSv4.1 Transparent State Migration	Std.	Final Doc.			
CM Private Data	Std.	Request Pub.	C. Lever	Now 11/2019	• DONE given switch to "Request Pub." • In RFC –EDITOR state (for 26 days) ?? • RFC should be imminent.

Recent Milestones
Milestone done; Has not yet reached IESG

Item	Type	Goal	Owner	Target	Status
RPC Encryption by Default	Std.	Request Pub.	C. Lever	6/2020	• Done 2/2020. • New Version needed for 21 days (expected soon). • Next step is IETF Last Call.

Unachieved Milestones
Milestone targets in future

Item	Type	Goal	Owner	Target	Status
NVMe for pNFS	Std.	Request Pub.	S. Faibish	8/2020	• No WG Document. • Target tentative. • May need to discuss possible new target.
rpcrdma-version-two	Std.	Request Pub.	C. Lever	12/2020	• Seems to be on track. • Assuming that current version scope is appropriate.
nfs-ulb-v2-00					

Expected WG Documents, Milestones WBD
NFSv4-wide Documents

Item	Owner	Documents	Milestones
Internationalization	D. Noveck	I-D submitted 12/14/2019	Should decide on target soon.
		-01 submitted recently.	
		Will work toward promotion ASAP.	
Security	D. Noveck	Inf. I-D (describing issues/choices) expected soon.	Should decide on target by end of May.
		Will work toward Inf. WG (internal) document.	
		Will then work to produce a std-track document	

Expected WG Document, Milestones WBD
Rfc5661bis proper

Item	Owner	Documents	Milestones
Rfc5661bis	D. Noveck	Need rfc5661sesqui RFC to use as a base for I-D.	Should decide on target once rfc5661sesqui is published as an RFC.
		Expect further iterations and discussion.	
		Expect promotion to WG Doc later.	
		Expect further iterations, discussion, and review.
