Draft-02 plans

- Diff: https://tinyurl.com/vd57dvq

- Included 6 use cases, some more to come

- Reworked Composite Attester->Composite Device

- Many other small wording nits

-

Still to do

- Introduction!

- Terminology discussion mostly done

- Need to get consensus on Layered approach pull request

- please review now, still on goal to publish -02 this week: WGLC could start after IETF107.
