- 05:
 - Moved "Approaches to Partial Response Implementation" section to appendix.

- 06:
 - Clarified the use of self links in "Basic Field Sets" section.
 - Updated the "Implementation Status" section to include APNIC implementation

- 07:
 - Changed "only a subset is returned" to "only a subset of fields in each result object is returned" in the "Introduction" section.
 - Moved the "RDAP Conformance" section up in the document.

- 08:
 - Changed the rdapConformance tag "subsetting_level_0" to "subsetting"

- 09:
 - Corrected the rdapConformance content in Figure 3
