TCB Control Block Sharing: 2140bis

draft-touch-tcpm-2140bis-03
IETF 107 - Online

Joe Touch, consultant
Michael Welzl, U. Oslo
Safiqul Islam, U. Oslo

Changes from -01
(only nits fixed -02 => -03)

- Reorganization and more clear discussion
  - Esp. new Sec 6.3 discussion of temporal sharing, what it means and how it is applied
  - Numerous reformatting and typos corrected

- Security considerations
  - Now addresses fingerprinting issues

- Appendix B now included upon publication
  - List of TCP options and expected sharing (though noted as not authoritative)

- Significant reorganization of references
  - Many more refs now considered normative to this doc
